Who We Act For

We act on your behalf, as your insurance broker, unless we tell you otherwise.

Our Services

We are committed to provide comprehensive and sound advice on general insurance products based upon your needs and our industry knowledge. We offer a range of services to assist you in protecting your assets. These include:

- Review and advise you in relation to your insurance needs;

- Arrange and renew insurance contracts on your behalf;
- Arrange premium funding, if required;
- Assist with insurance claims.

To enable us to provide advice, which is appropriate to your circumstances, we will need you to provide us with complete information about the risk(s) to be insured and your past claims history. Please also tell us about any relevant changes as they occur.

If you elect to withhold, or are unable to provide information to us, our ability to comprehensively review your circumstances will be affected. This may limit our ability to make appropriate recommendations when it comes to your individual insurance requirements. You will then need to assess our professional advice in relation to your needs and act accordingly.

Typically, we only provide General Advice to our Retail Clients.

LACK OF INDEPENDENCE

Why we are not independent, impartial, or unbiased in relation to the provision of personal advice and the impact of this on you

We, acting as a Corporate Authorised Representative of Oracle Group (Australia) Pty Ltd are not independent, impartial, or unbiased pursuant to section 923A of the *Corporations Act* because:

- We may receive commission when we provide personal advice to you in relation to insurance products and other financial products;
- We may have associations or relationships with issuers of insurance products and other financial products.

Further information about these benefits and relationships is set out in this Financial Services Guide.

If you have any questions about this information, please ask us.

When you ask us to recommend an insurance policy for you, we will usually only consider the policies offered by the insurance providers that we deal with regularly. In giving you advice about the costs and terms of recommended policies we have not compared those policies to other policies available, other than from those insurance providers we deal with regularly. If we recommend the purchase of a particular financial product, we will also give you a Product Disclosure Statement at that time, which sets out details specific to that product and the key benefits and risks in purchasing the product.

Should you not wish to be sent disclosure documents electronically please advise us and we will update our records accordingly.

Remuneration

Generally, we are paid a commission by the insurer for arranging the policy which is based on a percentage of the premium less government charges, taxes, fees, or levies. The amount of the commission varies between 0% and 40% of the base premium that you pay.

Where a policy is cancelled before the period of insurance has ended, we will usually retain the commission on any return premium involved as well as our broker fee, as we deem that was earned at inception.

Oracle Group (Australia) Pty Ltd may receive additional remuneration of up to 3% of the premium from insurers with whom they have profit share or volume bonus arrangements. This remuneration is payable if they meet certain agreed sales and/or profitability targets set by the insurer.

We may also charge you an administration and/or broker fee, which will appear separately on your Tax invoice. The amount we charge is based on the individual product and on the time and complexity in arranging the insurance. Oracle Group (Australia) Pty Ltd will retain any interest on premiums paid by you that is held in our trust account before paying the insurer.

In addition to the above, we may receive commission for premium funding, if we arrange this service on your behalf. Premium funding products enable you to pay your premiums by instalments. Premium funders do charge interest. The commission we receive is usually calculated as a percentage of the premium and may be up to 3%. In addition to this commission payment, Oracle Group (Australia) Pty Ltd may also be entitled to receive a volume bonus up to 2% of funded premium depending on the total amount we fund with some providers.

In some cases, our Representatives or Authorised Representatives may be paid a percentage of the commission earned in addition to their salary.
